

# Promoting Geographic Literacy Using Maps

**GRMC Blog:** <http://bsumaps.blogspot.com>

Keep in touch with the GRMC programs and cartographic resources for teachers.

**Cardinal Scholar:** [cardinalscholar.bsu.edu](http://cardinalscholar.bsu.edu)

Search for archives lessons, maps, posters, games from the GRMC.

**Digital Media Repository:** [libx.bsu.edu](http://libx.bsu.edu)

Access historic maps, photographs, city directories, diaries, and other resources.

**Bookemon:** <http://www.bookemon.com/>

Free book-making tools for educators: Save eBooks or order printed copies.

**National Geographic.com:** The site includes country guides with maps and photographs. Just type the country name in the search box on the home page for a list of available articles and maps. The store offers maps for sale. Also use the MapMaker Interactive tool to create custom maps.

**WorldMapper:** <http://worldmapper.org/>

Countries are resized on the map according to a subject of interest. Click on “Map Categories” to view the list of topics covered on the map.

**Metrocosm:** [metrocosm.com](http://metrocosm.com)

Data visualization, maps, and statistical analysis

**New York Times:** [http://learning.blogs.nytimes.com/category/lesson-plans/?\\_r=0](http://learning.blogs.nytimes.com/category/lesson-plans/?_r=0)

Lesson plans using maps and graphics from *The New York Times Learning Network*

**New York Times Upshot:** <http://www.nytimes.com/upshot/>

Use the search box to find unique news maps.

**Vox Maps:** [www.vox.com/maps](http://www.vox.com/maps)

Explaining the news with maps

**Flight Tracker:** <https://www.flightradar24.com>

Track flights around the world.
